

ByBox grows in Milton Keynes

THE UK'S largest in-night delivery company has doubled its presence in Milton Keynes creating 10 new jobs. ByBox, which provides logistics and in-night distribution for some of the world's largest companies in the field service management sector, including BSkyB and KonicaMinolta, has expanded. The larger distribution centre, which employs 20 people ranging from management to drivers, is ideally placed for receiving and distributing customer stock and marks a significant investment by the company in its network.
