I WONDER HOW WE COULD ENSURE THAT ALL OUR STOCK IS RETURNED TO BE SWAPPED-OUT, REPAIRED OR SCRAPPED? I'LL ASK JOHN.

GOOD QUESTION! I HAVE ABSOLUTELY NO IDEA. BUT I KNOW A MAN WHO DOES. LET ME TALK TO BYBOX.

HI! IS THAT BYBOX?

YES! HOW CAN WE HELP YOU?

COME ON CHAPS.
ANY IDEAS?

IT'S EASY! WE JUST
NEED TO SET UP A PROCESS
FOR TRANSFORMING THE DELIVERY
LABEL INTO A RETURN LABEL.

YEAH! WE'LL CALL IT BLACKSTRIPE!TM
IF WE CAN CREATE A TWO DIMENSIONAL BARCODE IT
WILL TELL OUR SCANNING SYSTEM THAT
THE PART IS NOW A RETURN...

...AND DYNAMICALLY ROUTE IT BACK
TO THE APPROPRIATE WAREHOUSE
