

# Help to unlock cash

SPORTS clubs and community centres in South Tyneside could benefit by helping a national distribution company expand.

ByBox is looking for new locations for its locker exchanges in return for an annual income which can be used to upgrade facilities or buy new equipment.

The company is looking for amateur sports, recreational clubs and community halls in the area that can act as hosts.

ByBox provides customers with a secure locker to hold

parts and stock for mobile workers, and has more than 14,000 secure boxes at more than 600 locations throughout the UK.

A typical ByBox locker location is sited in a car park area or to the side or back of a building.

Managing director Stuart Miller said: "As ByBox continues to expand and attract new customers, we are always looking for new locations around the country.

"In local sports, recreational clubs and community centres, we believe we can

find a solution to expand our business and provide an income which benefits everyone.

"We get greater UK coverage and the hosts get an annual income to spend as they wish."

Anyone interested in becoming a site host should contact ByBox by e-mail on [sitehost@bybox.com](mailto:sitehost@bybox.com) or call (0247) 658 4272 for more information.
